PRESS RELEASE

SIS Software, LLC opens Pittsburgh office

Top Microsoft Dynamics partner establishes a permanent presence in Pennsylvania

Atlanta, Georgia, March 16, 2009 -- SIS Software, LLC, a leading Microsoft Dynamics partner working in the construction, manufacturing, distribution, and professional services industries, today announced that it has expanded its national coverage with the opening of a branch office in Pittsburgh, Pennsylvania. The newest office represents the fifth location for SIS, joining the company's corporate headquarters in Atlanta and branch offices in Dallas, Houston, and New York.

The new Pittsburgh operation will focus on serving existing Microsoft clients in the region as well as offering tailored software solutions to new customers. "The decision to expand into the Northeast with our Pittsburgh office represents a natural extension of our capabilities with additional resources and staff. The new location will serve the Pittsburgh market by extending our expertise to customers who are looking for a trusted business partner like SIS," states Steven Mulka, Partner of SIS. "We have the size and depth of resources to offer them sustainability."

Dan Franklin, Managing Partner of SIS Pittsburgh, comments that "The deep product experience and proven business model that have been successful for SIS will bring the strength and permanence that clients in our market demand."

SIS Pittsburgh opened for business on March 1, 2009. The new office is located at 4955 Steubenville Pike, Suite 303, Pittsburgh, Pennsylvania, 15205 and may be reached by phone at 888.844.6599 ext. 167.

About SIS Software, LLC
